# WELCOME TO WESTERN AUSTRALIA

HON ROGER COOK MLA, DEPUTY PREMIER; MINISTER FOR TOURISM, AND  
HON DON PUNCH MLA, MINISTER FOR REGIONAL DEVELOPMENT

The McGowan Government is a proud sponsor of the Busselton Festival of Triathlon through its Regional Events Program.

The program was devised as a way for the Government to support medium to large events in regional Western Australia to boost tourism, increase community vibrancy and participation, and develop regional areas.

The Regional Events Program also plays an important role in positioning Western Australia as an exciting destination to visit and a great place to live by showcasing and promoting a region's unique and diverse attractions.

Tourism is a key part of the Government's plan to diversify the economy, create jobs and develop business opportunities particularly to help regional economies and communities in Western Australia.

Events play an important role in this plan, with the Government sponsoring a range of sporting, cultural, arts and culinary events across the State, through Tourism Western Australia, to attract visitors, encourage them to stay longer, disperse further and do more while they are here.

We hope everyone enjoys this event and takes the time to explore the South West region.

HON ROGER COOK MLA,  
DEPUTY PREMIER; MINISTER  
FOR TOURISM

HON DON PUNCH MLA,  
MINISTER FOR REGIONAL  
DEVELOPMENT

## PRESIDENT'S WELCOME NOTE

It is my great pleasure to welcome you to the SunSmart Busselton Festival of Triathlon, hosted by Triathlon WA. This is the 22nd edition of the festival and we are thrilled to have you all here to compete.

This year's festival is extra special as not only do we have the SunSmart Busselton 100 event, but also the inclusion of the World Triathlon Oceania Cup and Para Series, bringing an elite level of racing exposure to Western Australia. We are also proud to continue the legacy of the State Long Course Championships, and to include the popular Busselton Foreshore Triathlon, SunSmart Kids Triathlon, and the Busselton Fun Run.

We are grateful to everyone who has chosen to be a part of this event, whether as a competitor, spectator, volunteer, sponsor or exhibitor. Together, we create an extraordinary experience that embraces the spirit of the triathlon community and the wider Southwest Community.

Our team has been working tirelessly to ensure that this festival is safe, well-organised, and enjoyable for everyone involved. We have put together an incredible course that will test your limits and showcase the beautiful surroundings of Busselton.

We look forward to celebrating your achievements over the weekend of fun-filled racing. Thank you for being part of the SunSmart Busselton Festival of Triathlon, and we wish you all the best of luck in your races.

# A MESSAGE FROM THE RACE REFEREE

On behalf of Triathlon Western Australia, I would like to welcome all athletes taking part in the SunSmart Busselton 100, which in 2023 is also the WA State Long Course Championships. The team of technical officials appointed to the event are here to ensure that you have a safe, fun, fair and memorable event. The Athlete Information Guide contains the answers for most questions you should have regarding the event. Please take the time to read and understand the contents of the guide. Should you have any remaining queries on the Race Competition Rules not answered by reading the Athlete Guide or the relevant rules, I will be happy to chat with you over the event weekend. I encourage all athletes to familiarize themselves with the Triathlon Australia Race Competition rules applicable to this event. As Triathlon is an individual race against the clock, it is your responsibility to fully understand the rules and avoid infringements.

Common Blue Card Penalty- 5 minutes to be served at the next penalty box include:

- Drafting – Failing to maintain a 12m gap between you and the cyclist in front. Remember you have 25 seconds to pass through the draft zone\when overtaking.
- Illegal Pass – Passing on the left

Common Yellow Card Penalties- a Stop-Start Penalty include:

- Blocking- Failure to keep left, blocking the course. To be served in the nearest penalty box
- Helmet – Failure to keep your helmet fastened when moving with your bike. To be served on the spot with a Technical Official.

Note- That any 3 infringements across the course during the event may result in a DSQ

Common Red Card Penalties include:

- Littering – Deliberately discarding items outside of the discard zones
- Electronic Equipment- The use of any equipment including telephones, earphones, and other devices

Always remember to treat other athletes, volunteers, officials and spectators with courtesy and consideration as failure to do so is considered unsportsmanlike conduct and may result in a DSQ. We are especially fortunate to have the support of the City of Busselton and the scenic and picturesque surrounds of Geographe Bay and Tuart Forest in which to conduct the event. Littering in these environs creates a long-lasting visual impact and potential hazards for the local flora and fauna. Littering is also in contravention of the TA Race Rules Celebrating your achievements with family, friends, and teammates after an event of this size is an important part of racing however, the finish chute and finish line area are for athletes only. This is for the safety of you, your fellow athletes and your family and friends. Any athlete being accompanied down the finish chute by non-competitors will be disqualified.

I hope you have a great race and achieve your goals at SunSmart Busselton 100, and I look forward to seeing you all reach the finish.

Peter Aldridge  
Head Referee

## Our 2023 Charity Partner

The Ludlow Tuart Forest Restoration group was formed to help restore and protect the iconic Ludlow Tuart Forest, and the heritage listed Ludlow Forestry Settlement. The volunteer-based group is small but mighty. Their work to restore the forest includes growing and planting Tuart seedlings, arum lily and other weed eradication, creating habitats for wildlife like birds and possums, and getting local schools and volunteers involved in planting and conservation. Their newly restored District Office establishes a place for people to learn and meet, and the repaired and extended greenhouse provides a great place to cultivate seedlings. They are also working hard to reclaim items removed from the Settlement site over the years, and undo the damage from vandalism with the aim of creating a place the community can engage with. We are very proud to support the Ludlow Tuart Forest Restoration Group as part of our 2023 event.

## ATHLETE REGISTRATION

All participants must register in person.

You can either do this at:

203 Underwood Ave, Floreat, 6014

- Thursday 20th April 2023 between 8am and 7pm

or The Pavilion, Barnard Park, Busselton:

- Thursday 27 April 2023 between 2pm and 5pm
- Friday 28 April 2023 between 12pm and 7pm

**Please Note:** You cannot register outside of these advertised times and you must do this in person. Other people cannot register for you.

## REGISTRATION PROCESS:

### 1. *Present photo ID and e-ticket to Register:*

Upon presentation of your photo ID and e-ticket at the registration desk, you will be given your race pack which will contain all requirements for the race. It will include the following items:

- **RACE NUMBER.** It is mandatory for all participants, whether competing as an individual or in a team, to wear the race number on the front during the Run leg. Participants are advised to purchase a race number belt prior to the event. Safety pins will be supplied at Registration for those participants without a race belt.
- **BIKE NUMBER STICKER.** This must be placed on the seat pillar of your bike prior to bike check in, with the numbers stuck back to back and extending behind the seat pillar so to be visible to all race officials during the event. **Do not make any adjustments to your bike sticker. If the bike sticker is not in the exact condition that it is provided at registration you will not be able to enter the transition area.**
- **HELMET NUMBER STICKER.** These must be placed on the front and right hand side of your helmet.

## PRE-RACE INFORMATION

- **ELECTRONIC TIMING CHIP.** Your timing chip is an important piece of equipment used to precisely measure your race results. You must activate this chip and ensure the correct name is displayed before leaving registration. On race day this is to be worn on your left ankle, facing out. Do not lose or forget your timing band on race day - you will not be allowed into transition without these. Limited replacement chips and bands will be available, however, any lost timing bands will incur a fee of \$100 for the chip and \$5 for the strap.
- **SWIM CAP.** You will be provided with a coloured swim cap that corresponds to your wave number. It is compulsory to wear the cap provided at the start and during the swim. If you need a replacement cap you can grab one at swim start
- **ATHLETE WRISTBAND.** Competitors will have to put their own wristband on their wrist during registration. This band will display your race number. It is your responsibility, at bike check in and on race day, to wear the wristband. Entrance to the transition area will be subject to participants having the wrist ID securely fastened to the wrist and will be required for removal of your bike after the event. The penalty for competing under someone else's name will result in ban for both athletes from this and future events.
- **BAG & BIKE PUMP TAG.** These are to be used on the bag provided to you at athlete check in. No other bags will be allowed into the Bag Compound Area. Bike pumps will be stored separately to bags and are not to be placed in bags. Please plan ahead, using the stickers and bag provided, to ensure that you can store your bag in the secure area on race day.
- **RACE BAG.** Your race bag is to be used to store your gear on race day if you are storing your gear in the Bag Compound Area. These bags are the only bags that will be accepted in Bag Compound and must have the sticker provided attached. No bike pumps are to be stored in race bags.

Forgetting or losing your race pack will result in a \$150 replacement fee (\$100 returned if you return the original pack).

### *2. Activate Timing Chip:*

Before you leave the Registration Tent it is essential that you activate your timing chip details with BlueChip Timing by placing your chip over the timing pad located on the timing desk and checking your details, which will be displayed on a screen provided. If there is any issue with the chip or your details there will be timing personnel there to assist you.

If you do not start the race or pull out of the race for any reason you must return the Timing Chip to the Drop Out Clerk located at Bag Compound. Please make sure if you do hand in your chip you record your name on the lists provided.

## PRE-RACE INFORMATION

### 3. Bike Check In:

**FRIDAY 28 APRIL 2023 BETWEEN 1PM AND 7PM ONLY.**

**You are not permitted to check your bike in on race morning.**

Once registered, you are required to check your bike into transition for the race. The bike number supplied in your race pack, must be attached to your seat pillar with the numbers showing behind the pillar prior to bike check in. Competitors are responsible for ensuring their bikes and helmets are in safe working order before presenting to transition to avoid rejection.

Technical Officials will carry out a cursory visual inspection of your bike. It is important to note this is a cursory inspection only and not a guarantee of safety. No bike will be accepted unless it passes the inspection.

Officials will be checking for such things as:

- End plugs on handle bars and profile bars
- Tyres in reasonable condition
- Brakes in working order
- Compliance with Triathlon Australia Race Competition Rules

All athletes will be allocated a bike position. There will be different sections for Individuals, Aquabike and Teams. Positions are allocated in category order so you will be in a similar area to all other participants in your category. Open and Long Course Legends will have separate racks. Participants must only rack in the designated pace for your race number. All accessories and/or event requirements should be removed from the bike until race morning.

Helmets are not to be left in Transition over night. Triathlon WA takes no responsibility for lost or misplaced accessories. Any lost property can be handed in, and will be available for collection from Athlete Services on Friday & Sunday and Bag Compound on Saturday. Transition will be secure and monitored from the start of bike check-in, Friday 28 April until 5pm on Saturday 29 April 2023. You will be able to go to your bike on race morning to pump up your tyres, place your drink bidons and any other race gear you require. Helmet check will be on race morning. Please wear your helmet with your sticker on your way into Transition.

## CUT-OFF TIMES:

Individuals: 1hour 15minutes

Teams: 1 hour

It is a one-lap, hut shaped course just like the famous jetty ones!

## SWIM COURSE DESCRIPTION

Once again, the iconic Busselton Jetty becomes a key reference for the 2km swim. The entire course is on the East side of the Jetty.

A beach start awaits before swimming parallel to the jetty in a northerly direction for 750m giving spectators a great vantage point while enjoying a morning stroll on the jetty. Swimmers will then head in a North Easterly direction for 250m to the halfway mark before a right-hand turn and another 250m segment in a south easterly direction to avoid the rising sunlight. Then it's time to turn toward the beach, another 750m back to dry land and the swim exit in front of Barnard Park.

**Note:** Those wanting to warm up for the swim are requested to do so on the west (left hand side) of the main jetty. Each wave will be invited into the start area before their wave start. Competitors should only enter the start area via the back of the fenced area and ensure they cross the timing mats – this is to ensure all swimmers are accounted for and so we ensure everyone has started in the correct wave.

## WETSUITS

The Triathlon Australia appointed Technical Delegate will take the water temperature 24 hours before race start and the reading will be displayed at race registration on Friday 28 April 2023. The water temperature will be taken again on Race Morning and the wearing of wetsuits will be conditional upon the water temperature. The expected water temp for May will be in the vicinity of 19 degrees Celsius, in which case wetsuits will be optional. Wetsuits must only be removed and left at your numbered bike rack.

- If the water temperature is **not** greater than 24.6°C, wetsuits are optional for **Age group ONLY**.
- Wetsuits are not permitted for Open Field if the water is above 22°C.
- If the combined air and water temperature are deemed dangerously low, the race referee (in conjunction with water safety) can rule it a compulsory wetsuit swim. This has occurred in the past so it is advised that all athletes bring a wetsuit.

**If a wetsuit is to be worn, then:**

- The wetsuit must be tight to the body while swimming. If any part of the wetsuit can separate from the body in any phase of the stroke it is considered an artificial propulsion device and the wetsuit is banned.
- The wetsuit must not be thicker than 5mm and must comply with Triathlon Australia Rules. A standard variance will be allowed to account for seams and jersey material (non-buoyant). Speedo Tri Elite Full sleeved wetsuit is **banned**.
- A full wetsuit covering arms and legs is allowed. If a swimsuit or speed suit or trisuit is to be worn.
- The garment must be 100% textile material which generally refers to swimsuits made only from nylon or lycra that do not have any rubberised material such as polyurethane or neoprene.

## SWIM COURSE RULES

- Athletes must wear the swim cap provided in their registration pack.
- No fins, aqua socks, gloves, paddles, snorkels or flotation devices of any kind are allowed.
- Swim goggles and facemasks may be worn.
- No individual paddlers or escorts allowed (exception Para athletes).
- Any assistance that results in forward progress being made may result in a disqualification.
- Athletes are permitted to hold on to water safety craft so long as no forward progress is made.
- Water safety and/or medical personnel reserve the right to remove an athlete from the course if deemed medically necessary.
- Athletes found not to have completed the entire swim course will be disqualified

# TRANSITION PROCEDURE SWIM-BIKE (T1)

At the swim finish you will pass through a timing chute then into transition. Move to your bike to remove your swim gear (wetsuit, swim cap and goggles). Only discard your swim gear at your bike.

- Ensure your helmet is on and fastened **before** you move your bike from the bike rack.
- If you lose your timing band during the swim a replacement can be collected at transition exit.
- Race Number is optional for the bike.
- You must not mount your bicycle **until passing** the designated mount line.
- You must not touch or otherwise interfere with another competitor's equipment in the transition area.

Then the first of 3 Left Hand U-Turns here before returning to Geographe Bay Road and turning right to the accolades of those enjoying the event from Club Alley.
